I cannot find a PPS file at all. I have tried everything I can think of. If you don't have a solution for this I will be sad.. I tried to do a manual uninstall but that didn't work. I do not think it is corrupt. If there was a file named PPS on the C drive before hand I cannot find that file. Any help would be appreciated. I have spent hours on Google and have not found anything to help me. I do not have Spiceworks. Thanks. A: Okay, found this: It's probably no longer relevant, but I'll post in case anyone else tries to do this. (I tried it, but it didn't work for me.) The crucial part is the lines e79caf774b
